Thank you.

Please keep me posted on when we can expect the formal submittals of the final plans to EPA R6 after the 30 day public comment period. Any public comments received and TCEQ responses, are part of the formal submittal of the final plans. Therefore, I understand from your email that TCEQ will not be submitting the final plans by the Sept 30, 2018, deadline.

The formal submittals of the final plans to our Regional Administrator start a 60 day completeness review clock for EPA Region 6. I appreciate any effort on your part to provide a courtesy copy by email of the formal submittals to the RA.

Good Afternoon,

Please see the attached draft Mitigation Plan that the TCEQ plans to post for a 30-day public comment period the week of September 17<sup>th</sup>.

If you have any questions prior to the public comment period, please send them by Friday, September 14th.

Thank you in advance,  
Stephanie
